Select #: SW0945065

Lead Representative RICHARD STEVEN HILL

The target audience are pilots that fly complex aircraft, and those who will in the future. During this event, we will examine CRM/SRM, Task Management and Checklist Usage. This will be followed by a brief practice session in the B777 simulator. **IMPORTANT-** This is a TSA secure facility.

All attendees **MUST** possess a valid pilot certificate, valid medical certificate, and government issued ID. **INTERNET REGISTRATION ONLY, NO WALK INS and NO GUESTS, (ie- NO John Smith + 2.**

Each attendee must be registered with FAAST, and must register for this event individually.) There is an identical event at 1830, **DO NOT REGISTER FOR BOTH!**

Directions: Due to security requirements participants will meet their escort at the entrance.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
